

The logo features the text "Mt. View" in a handwritten font, with "Mt." enclosed in a dashed orange circle. Below this, the word "Epistles" is written in a large, bold, black serif font. The entire title is framed by several wavy, dashed orange lines that create a decorative border.

# Mt. View Epistles

Mt. View Community, grace and peace to you.

Ministry for early elementary children has become a great challenge during the time of Covid. Online formats are not very friendly to our youngest disciples. So... we're leaving the internet behind and going back to mailed letters!

Each week through the Fall, our pre-school and early elementary kids will be receiving a 'Mt. View Epistle.' This will be best used as adults read and talk about the contents with children. It will tie-in scripture for the coming Sunday and offer a devotional thought for your family.

The 'epistles' or letters of the early Christian church kept people united when they lived far apart and had little contact. These epistles also offered an opportunity to continue faith formation even when in-person contact wasn't possible. I hope the Mt. View Epistles will keep our kids and families united and continue the formation of God's littlest children.

Christ's peace,

*Pastor Bri*
